### INDEPENDENCE DAY TRIVIA FACTS

1. On July 4, 1776, Congress officially adopted the Declaration of Independence, but it actually wasn't signed until almost a month later. When the declaration was officially approved on July 4, John Hancock and Charles Thompson (president and secretary of the Continental Congress) signed the draft that day. But the official copy wasn't signed by all 56 signers until August 2, 1776.
2. Calvin Coolidge was the first (and so far, the only) president to have been born on the Fourth of July. He was born on July 4, 1872, in Plymouth, Vermont, and went on to become president in 1923.
3. While only one president has been born on Independence Day, three have died on the holiday. Presidents John Adams and Thomas Jefferson actually died on the same day, on July 4, 1826, the fiftieth anniversary of the Fourth of July. Later, President James Monroe died on July 4, 1831.
